

Dear Members,

Sub: Revision Course for Training for Workers in Handling HFC & Blend
Type Refrigerants for Architectural Services Department Contracts

We would like to organize a revision course for registered workers who had successfully completed the training courses previously held for Workers in Handling HFC & Blend Type Refrigerant for ArchSD projects. In this revision course, an update of the current development of refrigerants and a refreshment of the training materials will be conducted.

This revision course will have a 1/2-day classroom training at the Institute of Vocational Education (Morrison Hill) on **Thursday, 20 April 2023**. Priority will be given to applicants whose registration will be first expired.

Attached please find the application form and the course content. Completed form should be returned by e-mail at info@acra.org.hk for enrolment and crossed cheque should be sent by post to ACRA Office before 14 April, 2023. Successful applicants will be notified individually by e-mail. A certificate will be issued to the applicants upon completion of the course.

Thank you for your kind attention.

Yours faithfully,

KT Cheuk
